## Sorting guide for household waste

For a clean Chemnitz  
**ASR** – We'll get rid of it.

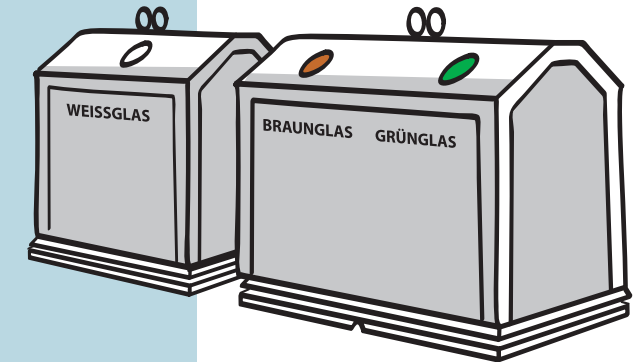

# Glass

## What goes in the bottle banks:

- Glass packaging (disposable bottles, disposable jars), sorted by colour, empty, no caps

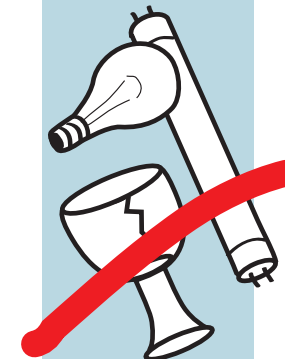

### Please note:

To avoid noise disturbance, please drop off your recycling at the following times:  
 Mon to Fri 7.00 a.m. to 8.00 p.m.  
 Sat 7.00 a.m. to 2.00 p.m.

## What doesn't go in the bottle banks:

- Window and plate glass
- Mirror and wire-reinforced glass
- Light bulbs, fluorescent tubes, energy-saving bulbs
- Crystal and drinking glasses, vases, bowls
- Heat-resistant glass
- Ceramics, porcelain, stoneware
- Returnable bottles

# Paper

## What goes in the blue bins:

- Packaging made of paper, cardboard, carton
- Newspapers, magazines
- Brochures, catalogues
- Leaflets, paper bags
- Wrapping paper
- Writing and computer paper
- Books (without non-paper components)

### Please note:

Large, bulky cardboard boxes can be taken to recycling centres.

## What doesn't go in the blue bins:

- Wallpaper/remnants
- Soiled paper, paper towels
- Handkerchiefs, paper wipes, nappies
- Folders with metal parts
- Punched pockets, plastic sheets
- Waxed and coated paper, thermal paper
- Milk and beverage cartons

# Lightweight packaging

## What goes in the yellow bins:

- Packaging made of plastic, metal, natural and composite materials, such as
- Plastic bottles for washing-up liquid, detergent and personal-care products
  - Dairy-product containers
  - Coated freezer product packaging
  - Polystyrene foam
  - Cans, crown corks
  - Cotton nets, wooden boxes
  - Milk and beverage cartons
  - Aluminium trays, spray cans

### Please note:

Before disposing of your packaging, please empty it carefully but don't rinse it especially. Do not stack the various items of packaging inside one another; simply press flat together.

## What doesn't go in the yellow bins:

- Non-packaging items made of plastic and metal
- Household goods, broken toys
- Polystyrene ceiling panels, construction waste
- Beverage packaging with refundable deposit
- Glass, paper
- Residual and organic waste

# Organic

## What goes in the organic waste bins:

- Fruit and vegetable scraps, nutshells and eggshells
- Food scraps
- Meat and bone remains (normal household quantities)
- Coffee grounds with filter bag, tea bags, tea leaves
- Tropical fruit peelings
- Plant waste, cut flowers, fallen fruit
- Hedge, bush and tree clippings, leaves
- Feathers, hair, small-animal litter (from herbivorous pet animals, biodegradable)

### Please note:

Do not use plastic bags of any kind. Wrap moist organic waste in kitchen paper or newspaper before disposing of it.

## What doesn't go in the organic waste bins:

- Plastic bags/package, bioplastics
- Packaged food
- Glass, nappies, rubbish, stones
- Cigarette butts, vacuum-cleaner bags
- Cat litter and dog excrement
- Charcoal, ash, wood
- Dead pets, livestock and wild animals

# Residual

## What goes in the residual waste bins:

- Ash (cooled), rubbish, cigarette butts
- Slides, photos, film negatives
- Bicycle tyres, rubber and leather scraps
- Tableware, ceramics, mirror glass, light bulbs
- Hygiene products, face masks (mouth-nose covers), household rapid tests, nappies
- Cat and dog excrement, litter from carnivorous pets
- Adhesive labels, sausage skins
- Leftover wallpaper, vacuum-cleaner bags
- Bandages, soiled packaging

### Please note:

If large quantities of waste are produced, residual waste sacks can be used for which a fee is charged.

## What doesn't go in the residual waste bins:

- Bulky waste, vehicle parts
- Hazardous waste, batteries, power packs
- Electrical and electronic devices
- Construction waste
- Recyclable waste
